MOST PROUD OF

What are you most proud of?

Self-motivated Front-end Developer with a passion for continuous learning and improvement. I've taught myself various skills over the years, and my self-learning journey is something I take great pride in. My contributions to significant projects like the Valiasr International Hospital and the e-commerce website of Kachar are testaments to my ability to learn and adapt. My experience at Pjeco and Evimistanbul Holding demonstrates my versatility in working with startups and established companies. I'm enhancing my knowledge by pursuing a degree in Computer Engineering, building on my Bachelor's degree in Physics. Outside work, I indulge my love for photography, reading, traveling, and movies. I'm always looking for opportunities to learn more and be better in my personal and professional life.
